

AN ORDINANCE approving the awarding of I.T.B. #7510-REHABILITATION OF SEWER REGULATORS by the City of Fort Wayne, Indiana, by and through its Department of Purchasing and WATERWARE CORPORATION for the Water Pollution Contron Engineering Department.

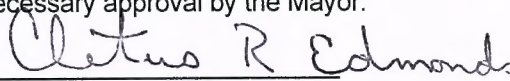

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA;

SECTION 1. That I.T.B. #7510-REHABILITATION OF SEWER REGULATORS between the City of Fort Wayne, by and through its Department of Purchasing and WATERWARE CORPORATION (single source vendor) for the Water Pollution Contron Engineering Department, respectfully for:

rehabilitation of six (6) combined sewer regulators and the purchase of one (1) additional regulator;

involving a total cost of ONE HUNDRED FORTY-FOUR THOUSAND ONE HUNDRED FIFTY-ONE AND NO/100 DOLLARS - (\$144,151.00), all as more particularly set forth in said I.T.B. #7510-REHABILITATION OF SEWER REGULATORS, which is on file in the Office of the Department of Purchasing, and is by reference incorporated herein, made a part hereof, and is hereby in all things ratified, confirmed and approved.

SECTION 2. That this Ordinance shall be in full force and effect from and after its passage and any and all necessary approval by the Mayor.

YEAR TO DATE EXPENDITURES: **\$185,421.86**
(including this order)

1996 PURCHASES: **\$0.00**

TITLE OF ORDINANCE: Special

DEPARTMENT REQUESTING ORDINANCE: Purchasing

SYNOPSIS OF ORDINANCE: An ordinance approving the award of Ref. No. 7510 for the rehabilitation of six (6) combined sewer regulators and the purchase of one (1) additional for the Water Pollution Control Engineering Department.

IF NOT LOWEST, WHO WAS AND WHY WERE THEY NOT AWARDED:

This contract is to rehabilitate six (6) combined sewer regulators and purchase one (1) additional for training purposes. These regulators were manufactured under the name Brown & Brown. Waterware is the successor company to Brown & Brown and is the only source for purchase, rehabilitation, distribution, and training of these regulators. Regulators to be rehabilitated are identified as J03-267, K06-285, K07-171, L06-438, M10-150, and P06-119. Regulator N06-007 will be provided for training and installed in the future.

EFFECT OF PASSAGE:

Waterware will remove, rehabilitate, and reinstall these regulators. Rehabilitation includes cleaning, replacing and upgrading parts, adjusting mechanical parts, and balancing and testing.

IF REPLACEMENT, WHAT NECESSITATES:

EFFECT OF NON-PASSAGE:

Regulators serve two (2) purposes. First regulators control the amount of combined sewer flow from sub-basins into the interceptor sewers. The Administrative Order from the EPA requires the City to keep the sewer system in proper operating condition. Failure to complete this upgrade would be a violation of our commitment included in the Combined Sewer System Operation Plan. Second, the regulators keep river water from entering the system during periods of high river flows and consuming needed capacity while contributing to basement backups.

MONIES INVOLVED: Waterware \$144,151.00

PRICE AGREEMENT: PURCHASE ORDER: YES

SOURCE OF FUNDING: WPC Engineering 514-533-S107-4314

MEMORANDUM

TO: Common Council Members

FROM: Mark R. Essex, CSO Program Manager, WPC Engineering

SUBJECT: Rehabilitation of Combined Sewer Regulators: J03-267 K06-285; K07-171; L06-438; M10-150; and P06-119. Purchase of Regulator N06-007.

DATE: October 15, 1997

AMOUNT: \$144,151

Regulators serve two purposes. First regulators control the amount of combined sewer flow from sub-basins into the interceptor sewers. The Administrative Order from the EPA requires the City to keep the sewer system in proper operating condition. Failure to complete this upgrade would be a violation of our commitment included in the Combined Sewer System Operational Plan. Second, the regulators keep river water from entering the system during periods of high river flows and consuming needed capacity while contributing to basement backups.

This contract is to rehabilitate six combined sewer regulators and purchase one additional to be used for training. These regulators were manufactured under the name Brown & Brown. Waterware is the successor company to Brown & Brown and is the only source for purchase, rehabilitation, distribution, and training of these regulators.

This project was budgeted for and is funded through sewer utility revenue.
